RE: Employment Reference Mr. Peter Sprenger

To Whom it May Concern,

This letter serves as a testimonial of the employment of Mr. Peter Sprenger by Bruker Corporation and its subsidiaries. The undersigned, Werner Maas, is employed by Bruker BioSpin Corporation as President, MRS Division. Bruker BioSpin is a global supplier of Analytical Instruments based on Magnetic Resonance technology.

Mr. Peter Sprenger has been employed in various positions and locations at Bruker BioSpin Corp or at one of its legal subsidiaries. All positions have been full-time positions, with the specified number of working hours as per the local legal requirements.

- Starting in 1983 and through 1991, he was employed at our Swiss facility in Faellanden, Zurich, initially as a Systems Technician and then as Systems Engineer;
- From 1991 to 1993, Mr Sprenger was employed as an R&D Engineer in our R&D group in Billerica, Massachusetts, USA, during which he developed RF technologies for application in Magnetic Resonance Spectroscopy and Magnetic Resonance Imaging;
- After a hiatus for studies at the Massachusetts Institute of Technology, Mr. Sprenger returned to Bruker in 1995 in order to start up our business in South East Asia, based in Bangkok, Thailand. He held the position of General Manager, Bruker South East Asia until his departure in 2015, building up a local sales and service support structure and developing the Bruker organization in South East Asia, including local offices in Singapore, Kuala Lumpur and Bangkok.

Should you need any additional information, please feel free to contact me at (978) 667 0580 or [Werner.Maas@bruker.com](mailto:Werner.Maas@bruker.com).

Sincerely,

A handwritten signature in blue ink, appearing to read "Werner Maas", with a long horizontal flourish extending to the right.

Werner Maas  
President, Bruker BioSpin Corporation
